ENROLLMENT APPLICATION FORMS
Will be sent upon request.
Early application and registration upon the designated dates are urgently advised as all classes are limited in size.

THE INAUGURATION OF 1957 SUMMER SESSIONS

The redesigning of the schedule to include two sessions permits both a satisfactory period of summer study and an adequate summer vacation. A substantial and varied group of credit courses is being offered in each of the four-week sessions. All classes will be conducted by the same well-known artists and teachers who instruct during the regular school year.

The courses have been carefully selected and planned to augment the winter studies of regular art students and to satisfy the needs of

professional artists and art teachers. Each has been given detailed study by the faculty and administration to assure a vital educational experience in the visual arts. In addition to the regular studio periods, daytime classes will include work out of doors or trips in the Bay Area for the purpose of studying source materials.

All classes are limited in size in order to assure each student the individual attention and direction commensurate with his need.

HIGH SCHOOL STUDENTS

Students currently enrolled in Junior or Senior high school classes may enroll upon the approval of the Director, provided a letter from the high school art teacher indicating the student's ability and endorsing his enrollment accompanies the application.

These summer sessions not only offer high school students the opportunity for professional art training before graduation, but afford them valuable personal experience of a professional art school to aid later in making the important decision whether or not to take their degree in such an institution.

Those students who earn honor grades will receive half credit upon subsequent enrollment as degree candidates at C.S.F.A.
